

Longmoor Community Primary School

Year 3 Science Fair

Thank you to the families of the children in Year 3 who assisted them with their home-study projects for the Science Fair. Pupils built some amazing and creative models of different volcanos (a cake volcano, an Impressionist volcano, volcanos made of papier-mache, a masking-tape volcano...). They researched volcanos, created display boards and wrote fact-files on this science topic, as well as carrying out controlled eruptions in the hall and playground!

Mrs. Grundy and Mr. Garside have had the very difficult task of selecting the bronze, silver and gold medal winners for the best Science Fair presentation. The results were announced at our Celebration Assembly today.

See the school website for more details, video footage and photographs.

Award-Winning Author visits Longmoor

On Friday 6th May, the award-winning author Stuart Reid came to visit Longmoor to share some of his wonderful stories. He read extracts from several of his books, including 'Gorgeous George and the Giant Geriatric Generator'. All the children laughed uproariously during Stuart's animated readings and enjoyed participating too. Mr Rawlings was also an enthusiastic participant, entertaining us all with his elephant impersonation. Many of us bought some of Stuart's books, which he signed for us. We found his presentation extremely interesting and are all inspired to read more now!

A christening at Longmoor!

All the children in Reception and Key Stage 1 recently had a very special visit from the lovely Reverend Haynes, who came in to talk to us all about Christenings and Baptism. We had a great assembly and acted out what happens during the special event. Some children even had the chance to play the roles of the parents, the godparents and the vicar. We learned lots to help us with our RE topic of special celebrations.

Animobile Visit

We had some special visitors to Reception and Nursery recently from Acorn Farm. We got to meet many animals including Biscuit the guinea pig, Daisy and Lottie the billy goats and Val and Mandy the hens. We enjoyed learning about how they live and even got to hold some of the animals.

Barnstondale Residential

Our Year 6 residential to the Wirral takes place 4th to 6th July. Pupils will take part in orienteering, archery, climbing and abseiling as well as enjoying a barbeque and campfire evening. On the final night, there will be a talent show – so come on children, practise your singing, dancing, joke-telling or whatever talent you want to share...and maybe the teachers will too!

There will be a parents meeting next half-term to go through all the details of the trip – date to follow.

LONGMOOR VISIT GOODISON PARK

Year 4 and Year 6 children visit Goodison Park to watch the under 13's knock-out tournament.

By Joshua and Joe

On Tuesday 17th May 2016, Years 4 and 6 were invited to go to Goodison Park (home of the Toffees) to support the Under 13's teams that were fortunate to compete against one another in a tough, competitive competition where local schools were chosen to represent Premier League football clubs.

The pupils of classes 6M, 6Y, 4L and 4P had an early lunch to ensure they were ready to leave school at 1pm in time for the tournament. We arrived at our destination for 1:30pm. The children were dropped off by the Main Stand. Sensibly, everyone walked through the fans zone to get to our seats. Once settled down into our seats, we began cheering and encouraging each team.

There were many fantastic football games played; however, the games which stood out to us were West Ham vs Crystal Palace and Everton vs Aston Villa. Leading up to the final game, the team mascots (Mighty Red, Changy and Red the Red) played a penalty knock-out against each other. The winner was Red the Red with five goals in 30 seconds!

Finally, two teams were left to fight for glory. Everton and Sunderland were the two teams to reach the final game. Brilliant and fascinating football was played by both teams, however there was only one winner - Sunderland!

To end, "The day was a fantastic experience!" said Anthony of 6M.

Robotics Workshop

By Liam

Class 3F received their treat for best attendance of spring term

For our attendance treat, Mr. Head and Mr. Triggs visited Class 3F. They taught us about robots and we had races with them. The first robot we used was a MIP, we had a race on an I Pad and the MIP moved! Next, we played with some robot balls. We controlled them with an I Pad and it was really fun. After that, we played with jumping robots with a camera. We played with a robot and it did the Gangnam style dance and a fitness regime. Finally, we saw a huge robot, there are only 7000 in the world! We asked Lily-Mae about the day. She said, "It was one of the best treats we've ever had!"

Save the Date

13th June – back to school

14th June – School Nurse Drop-in (9am)

15th June – Y5/Y6 Samba Workshops

21st June – Reception - Junk Percussion Workshop

23rd June/30th June – Y5 Bikeability

23rd June – EU Polling – Nursery closed

28th June – iSing - School Choir perform at the Philharmonic Hall

4th to 6th July – Y6 residential – Barnstonedale

4th July – Y5 at Merchant Taylors – Classics Workshop

7th/14th July – Y6 Bikeability

15th July – School Olympic Games

16th July – School band and choir perform at Archbishop Beck Arts Festival

18th July – Parents Evening

FRIDAY 22nd JULY – last day of summer term
