

Sports Grant proposed spending 2018-19 Longmoor Community Primary School

Estimated grant to be received - £19,000

Overall Objective

- To effectively use the Sports Grant to improve participation, raising the profile and outcomes for children in PE, Sport and physical activity across the school.

Project	Cost	Intended Impact
Gymnastics	£7500	<p>Each year group will receive a full term of coaching from a fully qualified gymnastics coach. This high-quality teaching will assist towards our aim of pupils achieving excellence in this area.</p> <p>Our coach will also run a gymnastics after school club, aiming to further develop the skills of pupils, especially our Gifted and Talented.</p> <p>The coach will continue to provide valuable continuing professional development (CPD) for our teaching staff through lesson observations, team-teaching and assessing pupil progress alongside the coach.</p> <p>By working with Beth Tweddle's Gymnastics Academy, we will focus closely on identifying children that are working at greater depth level and offer them the opportunity to develop further through specialist coaching.</p> <p>We will also spend funding on enhancing our gymnastics equipment provision and other costs e.g. travelling to events/entering competitions.</p>

<p>Additional swimming for Year 5 (already running for year 4 which will continue and is paid for from the main school budget)</p> <p>This includes travel, two swimming instructors plus hire and use of the pool.</p>	<p>£2000</p>	<p>Children will be able to confidently and competently swim 25m as well as achieving all other swimming objectives such as self-rescue by the end of year 5.</p> <p>All children will continue to improve their swimming technique in a range of strokes. We aim for the more able swimmers to compete against other schools.</p>
<p>Coaching and competition opportunities - entry fees, transport, pre-competition training</p>	<p>£2000</p>	<p>Each year we aim to increase our participation levels within competitive sport. In our local network of schools we have been developing a programme of competitions providing a wider range of opportunities for games, matches and tournaments within different sports and for different year groups. This year we intend to implement a new coaching and competition model within the network. This will mean choosing a sport that children do not play regularly, such as lacrosse, and organising a specialist coach to teach children in all the cluster schools before organising and running a tournament.</p> <p>As members of the Liverpool School Swimming Programme we will enter swimming galas and water polo competitions.</p> <p>In addition to this we plan to enter sports competitions run by Everton and Liverpool Football Clubs.</p>
<p>Outdoor Adventure residential trips</p>	<p>£2000</p>	<p>Children from year 2-6 will participate in residential trips during the 2018-19 academic year. A small proportion of the cost of activities on the trips will be funded from the sports premium funding where this allows children to participate in sports and activities they would not ordinarily access within the school environment or at home e.g. rock climbing, canoeing and kayaking.</p>

Canoeing/kayaking	£2000	<p><u>PaddlePower Scheme</u></p> <p>Children in Year 5 will take part in a 5 week course to learn to canoe/ kayak at Crosby Lakeside. All children will work towards completing the H2O Passport which allows holders to hire canoes or kayaks from the centre as long as they are with an adult. This means children will be able to continue their newly learnt activity with their families; therefore, increasing their physical activity levels.</p> <p>The children will hopefully also be able to use their new skills on future school field-trips/residentials.</p>
Lunchtime playleader & new playground equipment	£8000	<p>We intend to engage a lunchtime playleader to support our pupil playleaders in organizing and running activities and games on our playground at lunchtimes. We also intend to further upgrade the equipment available on the playground.</p>
